#### SCRAPPERS ORDERED OUT.

##### The Paperhangers Become Aggressive in Handling Their Strike.

The latest development in the paperhangers' strike was the ordering out of the members of the Paper Scrappers' Assembly last night, the order to take effect this morning. Such scrappers as have uncompleted work on hand will be allowed time to complete it. The strikers state that twenty scrappers will work this morning, and add that there is a demand for thirty scrappers in the shops employing union labor.

It is claimed by the Master Paperhangers that the blow struck at them by the strikers in calling out the paper scrappers will fall short of the mark. They state that there is nothing about paper scrapping that cannot be readily learned in a few days by any man of average intelligence and mechanical aptitude.

A committee was appointed yesterday by the strikers to visit the painters belonging to the Knights of Labor and Brotherhood organizations requesting them not to come out on a sympathetic strike, the paperhangers being confident of winning the strike without assistance. It was asserted by a number of the Paperhangers' Brotherhood last evening that \$500 per week is being contributed toward the strikers' fund by union men who are employed and that the strike can be continued for an indefinite period without touching the funds in the treasury.

#### HELD AT THE MORGUE.

##### Body of Frank Connelly Awaits the Disposition of Relatives.

The body of Frank Connelly, who died at the Emergency Hospital yesterday, subsequent to his arrest Monday night by Detectives Trumbo and Tysar, on charges of passing worthless checks, is held at the morgue to await final disposition by relatives. A telegram was received last night by the police from a brother of the deceased in Pittsburg to the effect that steps had been taken to secure burial of the remains. It is understood Chief of Police O'Mara, of Pittsburg, has funds in hand which will be sent here today to defray funeral expenses. Coroner Nevitt yesterday gave a certificate of death from natural causes.

Connelly was arrested at a downtown hotel on complaint of E. L. Johnson and of Littlefield, Alvord & Co. They allege that Connelly passed upon them bad checks. At the Hotel Johnson Connelly is said to have given a check for \$10, drawn on the Garfield National Bank of New York. This check was cashed, as was a check for \$15, drawn on the same bank. While in a cell at the First precinct station the prisoner cut a big vein in his arm, causing the loss of much blood, but not fatal injury. He was taken to the hospital, and died yesterday. The physicians assign death to delirium tremens.

#### WATCHING FOR A HURRICANE.

##### Forecast Officials Apprehensive Least It May Come This Way.

The Weather Bureau is busily engaged watching the hurricane which developed off the Windward Islands on September 10. High winds on the south Atlantic coast are predicted for today, and if the storm should take its direction up the coast the probabilities are not remote that the vicinity of Washington will have a touch of it. The forecast official, Dr. Frankfield, is not able to say now just what direction the storm will take, although by tonight he expects to know more about it.

The hurricane has not attained any great proportions, and will probably not succeed in inflicting any damage. It has recurred, and is now central over the northeast portion of the Gulf of Mexico. It is moving in an east-northeasterly direction.

The storm has caused high northerly winds on the middle Gulf coast so far in its course. One of two courses will probably be taken by the storm. It may move east and be lost in the Atlantic, or might possibly take a northerly direction along the coast. In either case high easterly winds will prevail on the south Atlantic coast today.

The highest velocity reached by the storm was on September 12, when at San Juan, Porto Rico, the wind blew at the rate of 32 miles an hour.

The rain which visited Washington yesterday and saturated the crowds of people on the streets witnessing the funeral cortege of President McKinley was also general on the Atlantic coast, although not a great quantity of rain fell in any one place. For today the Weather Bureau predicts partly cloudy weather and rain.

#### DEAD INFANT IN THE BUNDLE.

##### A Colored Woman Held for Investigation by the Police.

Discovered in the act of throwing away the body of an infant, Parthenia Tyler, colored, of 6 Blagden Alley northwest, was arrested last night by Policeman Yates, of the Second precinct station, and is held to await investigation. Barthia Tyler, sister of the prisoner, is also in custody, on suspicion of being the mother of the child.

Parthenia Tyler told the police that her sister is the mother of the infant whose body she attempted to dispose of last night. So far as known, it has yet to be ascertained when the child died, and the cause of death. The remains of the infant were removed to the morgue last night, and will be viewed today by Coroner Nevitt. Meanwhile both women will be held under arrest.

Policeman Yates, while patrolling his beat, noticed a colored woman acting suspiciously near Fifteenth Street and Massachusetts Avenue northwest. This was about 10 o'clock. He watched the woman and saw her suddenly throw a bundle she carried on the terrace which skirts the thoroughfare at that point. The officer approached the woman, detained her, and after examining the bundle she had thrown away, placed her under arrest. The officer was surprised to find the body of an infant, wrapped in a blanket. At the station his staff found the mother of the child was her sister, and this led to the arrest of the latter.

#### OPENING OF THE SCHOOLS.

##### A Meeting of the Board of Education to Be Held Today.

Final arrangements for the opening of the public schools of the District for the winter term on Monday next will be perfected at a meeting of the Board of Education, which will be held this afternoon at the Franklin School Building, at the corner of Thirtieth and K Streets northwest.

At a meeting already held the board directed the teachers in the different schools to meet the supervising principals on Saturday at the following named school buildings at the hours appointed: 9 a. m., fifth division, at Curtis School. 10 a. m., ninth division, at Sumner School. 10:30 a. m., seventh division, at Franklin School. 11 a. m., first division, at Dennison School. 11:30 a. m., tenth division, at Cook School. 12 p. m., second division, at Seaton School. 12:30 p. m., sixth division, at Gales School. 1:30 p. m., third division, at Wallach School. 2 p. m., eighth division, at Tyler School. 3 p. m., eleventh division, at Lincoln School. 3:30 p. m., fourth division, at Jefferson School.

#### LECTURED BY A DETECTIVE.

##### Plain Talk to an Alleged Confidence Man From New York.

Henry Hudson, alias Hugh Higgins, alias "Dinky" Hudson, was arrested on Pennsylvania Avenue, near the postoffice yesterday by Detective Sergeant Clark, of New York, and Detectives Helan and Hartigan, of the local bureau. Hudson was identified by Sergeant Clark as an objectionable character from New York. Sergeant Clark stated that Hudson had been under arrest before, and was considered a pickpocket and confidence man. He said Hudson's picture ornamented the rogues' gallery in the metropolis. Hudson is forty-seven years old.

After his arrest Hudson was taken to headquarters where he was questioned by Captain Boardman. There was a slight hitch in the heavy rain, so to speak, as Captain Boardman felt in the mood for delivering a lecture to the alleged crook. He told Hudson that he was a confidence man, and that he was a little better off than he was. Hudson did not reply, he was taken out to the Eighth Precinct to meditate.

#### BOY'S PARENTS ALARMED.

##### The Police Asked to Look for a Missing Lad.

Edward Hawdock, a boy sixteen years old, who lives with his parents at 105 E Street northwest, was reported missing to the police of the Sixth precinct last night. He left his home about 5 o'clock yesterday morning to go view the parade on Avenue, and when he had not returned at 10 o'clock last night the boy's parents became alarmed and asked the police to aid them in finding him. When he left home he wore a dark suit and a black felt hat. He is about five feet six inches tall and has dark hair.

The boy's parents can assign no reason for their son's disappearance as everything was made agreeable for him at home and he had no bad associates. Boys in the neighborhood who went with him were questioned by relatives, but up to this time no trace of him has been found. Several of them claim to have seen him some time during the day, but their versions of the time and places seen were rather hazy. The police of all the precincts have been notified and some clue as to his whereabouts is expected this morning.

#### NEWS FROM ALEXANDRIA.

ALEXANDRIA, Va., Sept. 17.—Hundred of people from this city today went to Washington to attend the funeral services of the late President McKinley, and by 10 o'clock in the morning the streets presented a deserted appearance. The fire engine bells were tolled during the hour that the remains were being removed from the White House to the Capitol. Tonight the bells of the city hall and of the fire engine companies were tolled from 6 until 8 o'clock. Several hundred people also went over tonight to witness the departure of the remains for Canton.

Among the Alexandria organizations which went to Washington today to participate in the funeral procession were the following: R. E. Lee Camp, Confederate Veterans; Davis Post, G. A. R., and Old Dominion Commandery, Knights Templar.

The funeral of Mrs. Louisa Swain, whose death occurred last Sunday morning, took place at 10 o'clock this morning from her late residence, 165 South Royal Street, and was attended by a large number of relatives and friends of the deceased. The services were conducted by the Rev. Frank J. Brooke, of the Second Presbyterian Church, and the interment was made in the Union Cemetery.

Funeral services over the remains of Mrs. Fannie B. Davis, wife of Policeman Frederick Davis, whose death occurred last Sunday evening, took place at 3 o'clock this afternoon from her late residence, 225 North St. Asaph Street. The Rev. Herman Green, of Christ Episcopal Church, conducted the services, and the interment was made in the Bethel Cemetery. The following were the pallbearers: Messrs. John Mullen, A. F. Warren, Jefferson Beach, Amos Smith, James Duncan, and Samuel Wade.

The committee on Streets will at the next regular meeting of the city council recommend that the work of paving King Street, between Fairfax and Union Streets, be done. The committee met last night, and among those present were: Corporation Attorney Gardner L. Boothe, J. Colvin, superintendent of the Washington, Alexandria and Mount Vernon Electric Railway Company, and several property owners on the two blocks. All present were in favor of having the work done. It is more than probable that council will act favorably on the committee's report. Joint services will be held in the Christ Episcopal Church next Thursday morning at 11:30 o'clock in memory of the late President McKinley. The two other Episcopal churches will participate in the services. Messrs. Jones Arnold and Cornell, of the Knights of Macabees, have been designated by that organization to draft suitable resolutions in respect to the memory of the late President McKinley. The funeral of Mrs. Emily Crump, whose death occurred Monday morning, will take place at 2 o'clock this afternoon from her late residence, 514 South Alfred Street.

#### CAUGHT WITH A STOLEN HORSE.

##### Arrest of a Negro Youth on the Charge of Larceny.

The detective bureau is congratulating itself upon a clever piece of work accomplished yesterday by Detective Boyd in the capture of Arthur Hall, a sixteen-year-old mulatto. Hall is charged with stealing a horse and buggy, the property of James Rittenhouse, near Baltimore, on Monday. Hall is said to have taken the horse and buggy while it was standing before a house on the Annapolis Road.

A description of the property was received at Police Headquarters here Monday night and Detective Boyd was detailed on the case. Yesterday morning Hall, it is claimed, stole the horse and buggy at the home of the latter, on the Bladensburg Road. Afterward, it is alleged, Hall took the horse to Dulch & Son, on Florida Avenue, and tried to dispose of it.

Hall's apparent youthfulness and his claim that he was a student at the Dulch & Son, and the matter was reported to the police. The result was that Hall was, soon afterward, arrested on Florida Avenue, near the Brentwood Road. The horse was a roan, sixteen hands high, weighing about 1,100 pounds. It had a scar on one of its hips, making its identification an easy matter. Hall was taken while in possession of the horse and admitted having stolen it in Maryland. He was carried to Headquarters, and after answering the usual questions, was locked up at No. 2 precinct.

#### WAS BUTLER'S LAW PARTNER.

##### Death of Oliver D. Barrett, a Member of the Washington Bar.

Oliver D. Barrett, one of the oldest members of the District bar, died yesterday morning at Providence Hospital. Dropsy was the immediate cause of death. Mr. Barrett was born in New York, and began life as a school teacher. While quite young he moved to Illinois, where he became an intimate friend of President Lincoln, who, during the war, appointed him to a position in the Patent Office. While serving in this capacity Mr. Barrett studied law, and became a partner of Benjamin F. Butler. The law partnership continued until the death of General Butler.

During the early days of his practice before the District courts Mr. Barrett devoted a great deal of time to criminal business, in which line he was most successful. It is said that he defended more than twenty persons charged with murder, and that most of them were convicted. After the death of General Butler Mr. Barrett was in charge of his estate, and that most of them were convicted. After the death of General Butler Mr. Barrett was in charge of his estate, and that most of them were convicted.

## Fireman Injured by a Horse's Kick.

About 6 o'clock yesterday evening an alarm was sounded from box 79 for a small fire in the carriage repair shop of John J. Cook, at 325 M Street northwest, which was caused by a pile of rubbish taking fire in some unknown way. While hitching the horses to the engine at No. 5 engine house, to respond to the alarm, Joseph H. Ward, one of the firemen, was kicked in the groin by one of the horses and painfully injured. He was taken to the Georgetown Hospital, where the doctors said that, although he was painfully injured, they did not think his injury serious. He was resting quietly at an early hour this morning.
